

ALLIANCE AGAINST CRYPTO SCAMS (ALACRYPS)

INFORMATION

Chapter one: generals dispositions

Art.1: The name of this initiative is **Alliance Against Crypto Scams** (his acronym is **ALACRYPS**). That's an initiative by **Jorge Alejandro Esclapez Bonet (Deckcard23)** a hacker, expert in cybersecurity, DFIR and international judicial expert on cybercrime.

Art.2: The office of Deckcard23 Cybersecurity are in Elche (Alicante) in Spain.

Art.3: For legal purposes it will be domiciled in Elche (Alicante) city of Spain.

Art.4: **ALACRYPS** have like obTjetc fight against the crypto scams in the crypto world or cryptocurrencies world. With our investigations we can get a lot of information to make a good database of all scams that affect all people in cryptocurrencies world invest and to help all people scammed and help the police too with our reports.

Art.5: The name **ALLIANCE** is very powerfull, but **ALLACRYPS** not is a real alliance in the strict sense of the word. We are an special department inside **Deckard23 cybersecurity** (Jorge Alejandro Esclapez Bonet) that take all the information about cryptocurrencies scams in website,

use OSINT tools to create reports about that scams and the scammers. We use our cyberintelligence to create a safety cryptworld every day. We advice to all people scammed that need help and create a database with all the scammed, scams and scammers.

Art.6: Our emblem is a pentagon, a intelligence symbol. The filling color of the emblem is between fuchsia and rose. At the top of the pentagon appear the acronym ALACRYPS. And to the bottom, we have a latin words «UBI CONCORDIA, IBI VICTORIA» that mean «WHERE THERE IS UNITY, THERE IS VICTORY» that is our motto.

Inside the pentagon we have a world map create with technologic design that represent the blockchain tech and crypto world. In the center the name «Alliance Against Crypto Scams» with a spanish typical sword that is a symbol of the gentlemen that fight without the injustices.

To finish, we have nine skulls that represent the scammers in white color like pieces in a chess table that always move first and in front of them our nine chess horses, in black color, that always move after the white skulls but we have a lot of cyberintelligence.

Art.7: All the money that received through donations, affiliates and allies will serve to finance the departament. With that all money we will investigate all the possibles scams and scammers in cryptocurrancies society.

Chapter two: affiliates and allies

Art.8: ALACRYPS is open to all people, firms, organitations, companies... around the world. They have the freedom to contact through our website options to participate and be part of us.

Art.9: If you want to collaborate with us you can make a donation. You can make the donation using the information in the website. You can make it in americans dólares (USD) or euros (EUR) and in bitcoin. You can use bank transfer, blockchain transfer if you use bitcoin and PAYPAL. The amount is free, **from 1 to 50 EUR (or the equivalent in USD or BTC).**

Art.10: If you want to become an **affiliate** you must pay **60 EUR (or the equivalent in USD or BTC).** You will be **affiliate** for a year.

Chapter four: our mission

Art.17: The Deckcard23's department called **ALLACRYPS** spend all the money that will receive like donations or like allies and affiliates shares in investigation about scams.

Art.18: We will identify all the kinds of scams in a database with the name of the scam and information about it. That information we will public to query of all interested.

Art.19: We will take all the complains that we will received in our department. Then will contact to the sender to speak about the possible scam. With the information in our power, we classify all the information in our internal database to investigate it. Only the autorized people can access to that information.

Art.20: We try to help people to recover his founds, create reports, search technolawyers, advice, etc. The cost of that service is different according our situation. All the money that we received we will spend in investigation. For example, if we received 500 EUR and in that moment we dont have any case of scam then the money stay in the found until that a person that have been scammed contact to us. In that moment we spend our means to help him. If in that moment we dont have money to spend with the customer we offer our services that he/she must pay or stay in our database waiting to receive funds of donations, allies or affiliates.

Art.21: We investigate using **OSINT (Open Source Intelligence)** in surface web, dark web and deep web. We never using illegal ways. If police or any government want to help us with information to get better our investigation then we will give it with happiness.
